Cap Manufacturing Company Limited

Our Message to Canadian Merchants

● The D.M.C. Cap Mfg. Co. Ltd. can proudly state that never during the past few years, in which demoralized prices tended to undermine the calibre of cap manufacture, did our product suffer in quality. We have carried on as before, and continued to transform cloth and fur into the finest headwear to give the merchant of Canada a higher degree of style and quality to offer to his customers.

● We feel that in our Fall and Winter offerings, we have achieved new degrees of perfection and styling. The descriptions and illustrations can portray only modestly the sales appeal our products embrace.

● Stock up at once and prepare yourself for the business these lines will bring. We guarantee every line we sell, D.M.C. Headwear is noted for its superb value. We ask the opportunity of shipping you a sample order — you will not be disappointed.
